

South Valley

Prep & Arts School

2017-2018 School Year

7-8 Student Planner and Learning Log

Property of:

Homeroom Teacher: _____

Grade _____

Room # _____

Our mission is to provide each student and family we serve with high quality college preparatory educational programs and services designed to stimulate life-long learning while developing character through academics, arts, and athletics.

Using a planner to increase student success!

Planners are an essential tool that when used meaningfully can increase student success.

1. Reduce Stress

Planners help organize information. The process of listing important information and knowing exactly what needs to get done and when, is a rewarding experience and eliminates the feeling that you're forgetting something.

2. Learning Goals and Communication

Planners provide detailed information and meaningful ways to communicate. The information provided allows students to create learning goals and study, practice, and strive to achieve them.

The communication tools allow for a quick communication between the teacher and the parents.

3. Practice Good Habits

Developing time management skills and organizational skills is very important and that is why we utilize planners. Time management and organization skills are life skills and we will encourage the students to use their planners regularly and meaningfully.

**If a planner is lost, then they can be purchased for \$5.00 at the front office. You can also print the planners off from the website.*
