The 7 Habits Tree

What Are the 7 Habits?

Be the change you wish to see in the world

Habit 1: Be Proactive*

I am a responsible person. I take initiative. I choose my actions, attitudes, and moods. I do not blame others for my wrong actions. I do the right thing without being asked, even when no one is looking.

Habit 2: Begin With the End in Mind*

I plan ahead and set goals. I do things that have meaning and make a difference. I am an important part of my classroom and contribute to my school's mission and vision. I look for ways to be a good citizen.

Habit 3: Put First Things First*

I spend my time on things that are most important. This means I say no to things I know I should not do. I set priorities, make a schedule, and follow my plan. I am disciplined and organized.

Habit 4: Think Win-Win*

I balance courage for getting what I want with consideration for what others want. When conflicts arise, I look for a win-win solution.

Habit 5: Seek First to Understand, Then to Be Understood*

I listen to other people's ideas and feelings. I try to see things from their viewpoint (paradigm). I listen to others without interrupting. I listen with my ears, my eyes, and my heart. I am confident voicing my ideas.

Habit 6: Synergize*

I value other people's strengths and learn from them. I get along well with others, even people who are different than me. I work well in groups. I seek out other people's ideas because I know that by teaming with others, we can create better solutions than any one of us can alone. I look for Third Alternatives.

Habit 7: Sharpen the Saw*

I take care of my body by eating right, exercising, and getting enough sleep (body). I learn in lots of ways and lots of places, not just at school (brain). I spend time with family and friends (heart). I take time to find meaningful ways to help people (soul). I balance all four parts of myself.

We Are a Closed Campus

Once students arrive at school, they are to stay at school until they have been released by their last teacher, or a parent has contacted the office for early dismissal. Students are not allowed to go to their cars during school or breaks for any reason or leave campus for lunch. Parents must call the front office to dismiss their child.

Student Safety

Skyline Education, Inc. and its schools believe student safety is our highest priority. Because of this belief:

- Parents must call the front office for changes to transportation two (2) hours prior to the change.
- Parents must sign students in and out when tardy and for early pickups.
- All guests must sign in at the front office and wear a visitor's badge.

Arrival & Dismissal Procedures

Parents are encouraged to drop students off utilizing the drive-up circle and refrain from entering the building unless absolutely necessary. If a parent does need to enter the building, the parent **MUST** enter through the main office doors and sign in at the front office. At no time during the school day will parents be permitted on campus without having checked in at the office. Once school begins, any parents that wish to remain in the building must sign in at the front office. Due to office staff assisting in helping student pick-up, the offices are closed 15 minutes prior to dismissal.

At the end of the school day, the same procedure is expected. Because of congestion, parents may not wait at the exit doors or in the building to pick up students. Students should be picked up in the drive up circle.

Please:

- Do not talk to teachers or aides at dismissal time. They need to watch children and cars.
- When using the drive up, pull up to the furthest available space. Do not leave your car.
- For safety reasons, we will not release your child to you if you are not in a line.
- Cell phone use is prohibited while in your car at arrival and dismissal time.

Attendance Policy

It is the family's responsibility to contact the student's teacher for assignments missed during any absence. Students are required to complete all assignments missed during their absence. Students with unexcused absences during the year will not be given schoolwork prior to their absence. Schoolwork will be made up at home after they return. Reduced credit will be given for this work which may affect the grade they receive on their progress report.

Per Arizona Revised Statute (A.R.S. 15-802, 803), a student must attend a minimum of 90% of the school calendar days. Excessive absences will result in a letter going home and one put in the student's permanent file. Students who exceed an absence rate of 10% are considered truant, even if the absences are excused. Excessive absences may result in zero credit and the student will automatically be withdrawn from our roster.

Students with ten (10) absences in one school year may, at the sole discretion of the administration, lose their standing in the school and are unable to pre-register as a returning student and will have to register in open enrollments and be entered into the lottery.

All students are expected to be in attendance on the first day of school. Students who are not in attendance on the first day of school will not be guaranteed a spot if there is a current wait list for that grade. Any open seats may be filled at the sole discretion of the administration.

Under certain conditions, such as family emergencies, religious holidays, chronic health condition, or disability, parents or guardians may request longer absences in writing to the principal. Requests for absences due to illness or disability will require a doctor's note. If the reasons presented are satisfactory to the principal, the principal may authorize the longer absence without jeopardy of the student losing credit or being dropped from classes as long as the student is able to complete makeup work and stay current with the class (with accommodations if student has a 504 Plan or IEP that addresses absences and make-up work).

Absences

If your child needs to be absent from school, the following policies are in place:

- 1-4 days: Parent is contacted for each absence, absence letter is sent home informing of absences and policy.

- 5th day: Parent is contacted and a conference is required with the principal. A 10% absence rate has now been reached (a telephone conference is acceptable) advising of the seriousness of continued absences.
- 6th day: Student may be assigned to ISS for the day, parent is contacted advising of the seriousness of continued absences.
- 7th day: Student may be dropped from the block and from school, student is not allowed to return to school until the new block.

Chronic Health Problems

Skyline Education, Inc. provides continuing learning for students with chronic health problems while they are absent from school, as well as provides for the integration of students with chronic health problems into the regular education program as much as possible. Students with chronic health problems will be able to obtain homework so that they have the opportunity to earn credit and will have flexibility in physical education class requirements. A.R.S. § 15-346(C) defines students with chronic health problems as follows:

1. Students who are not homebound, but who are unable to attend regular classes for intermittent periods of one or more consecutive days because of illness, disease, pregnancy complications or accident as certified by a health professional or a registered nurse practitioner who is licensed pursuant to statutory requirements.
2. Students who suffer from a condition requiring management on a long-term basis as certified by a health professional or a registered nurse practitioner who is licensed pursuant to statutory requirements.
3. Students who have an infant with a severe health problem as certified by a health professional or a registered nurse practitioner who is licensed pursuant to statutory requirements.

Please contact your student's Principal if you anticipate that your student's chronic illness may cause intermittent or extended absences. Medical Certification of Chronic Health Conditions forms are available and must be completed annually by your student's healthcare provider.

Tardiness

Students are tardy if the class bell rings and they are not in class. All tardiness is counted except when a parent calls in to report that the student will be late prior to the tardy.

- 1st Tardy: Student reports to office to get a tardy pass first, then is sent to classroom.
- 3rd and 4th Tardy: Parent is contacted.
- 5th Tardy: Student may receive ISS (In-School Suspension) for the day, parent is contacted, and student gets class work from the teacher.
- 6th Tardy: Student receives one day ISS (In-School Suspension), parent is contacted, receives work from teacher and remains in ISS for that class.
- 7th Tardy: Parent/student conference held with principal, student will get work and remain in ISS for that class.
- 8th Tardy: Parents are contacted by a counselor or principal, teacher sends class work and student stays in ISS for that class.

- 9th Tardy: Student is dropped from the class, loss of credit occurs and student is assigned to ISS room for remainder of block, parent contacted by phone, email, and/or school letter, student is expected to attend ISS or will be dropped from school.

Early Dismissals

If it is necessary for a student to be dismissed early from class, the parent or guardian is required to call, write a note, or come to the school office and make the request. Also at that time, arrangements need to be made for the student's transportation from school. At the designated time of dismissal, a staff member will go to the class and give the teacher an early dismissal pass and take the student to the office, or the student will be called up to the office for the early dismissal. The sign out sheet, located at the office front desk, must be completed and signed by the parent or guardian or by the student if they will be driving from the school campus.

Sign-outs for any reason occurring in the first 45 minutes of a class will be considered an absence for that class. Sign outs occurring during the last 45 minutes of a class will not be counted as an absence from class until three occurrences of this nature have taken place.

Emancipated students may sign themselves out of class early for emergency reasons with principal approval.

If the student becomes sick while at school, they should notify their teacher and they will be allowed to go to the office and use the phone to call a parent or guardian and arrange for their pick up and sign out from school. Students are not allowed to use their cell phones during school hours to call parents/guardians.

Signing out of School

Students who are 18 years of age or older living with a parent or guardian, cannot sign themselves out of school on their own consent. Only a parent or guardian can sign a student out early from a school day. Students are still under the guardianship of their parents for school purposes, even if they are 18 years or older.

Grading:

In order to gain an accurate picture of student readiness and mastery, multiple assessment structures are needed. Graded tasks may include but are not limited to the following:

1. Summative Assessments
2. Alternative Assessments
3. Long term Projects
4. Labs
5. Daily Activities

Percentage breakdown should be evenly weighted across all forms of assessment and not rely too heavily on one form over another. Rubrics should be utilized for projects and alternative assessments. These rubrics should be placed in curriculum binders as well as attached to lesson plans in Planbook.

All Teachers who instruct students with an IEP will collaborate with the Special Education Teacher to ensure the continuity of services. This involves ensuring the appropriate accommodations and modifications are provided to students per their IEP and Special Education Teacher recommendations.

Standards-Based Grading

Beginning in the 2016-2017 school year, Kindergarten – 2nd grade report cards will reflect standards-based grading. 3rd – 8th grade will remain on a traditional 100-point grading system. Standards-based grading is a system of reporting student proficiency in a number of specific learning goals (standards). Rather than give students one grade on a test that assessed multiple skills, this system gives students a number of scores that represent their proficiency in each of the skills assessed. The idea is that at the end of the class a student has mastered the essential content necessary for that level.

How is standards-based grading different from traditional grading?

In the traditional 100-point grading system, a student's grades are typically based on all of the work assigned in class, including classwork, homework, projects, quizzes, and tests. These scores are often arranged in the grade book based on the type of assignment rather than on the essential standards for the class. The grade may also include points for non-academic factors, such as participation, effort, or attitude. Standards-based grading does not separate out tests, homework, or projects. All of the work a student does is used to assess the student's mastery of the essential standards. A student's scores from their work are tracked by the essential standards, which gives the teacher, student, and parent a very detailed picture of which standards a student has mastered. Non-academic factors like behavior, attitude, and attendance are not included in this grade and reported in a different manner.

Why do we use standards-based grading?

The goal is to report grades that are accurate, consistent, meaningful, and supportive of learning. Here is how standards-based grading addresses each of those four criteria.

- *Accurate:* By basing a student's grade on solely academic factors, the teacher creates a clear picture of what the student has learned without the influence of other factors. These other factors, such as effort and attitude, are still essential, but are not part of the student's academic grade and are communicated separately.
- *Consistent:* For each summative assessment, the teacher will provide a rubric that describes exactly what the student will need to master. Using these rubrics establishes clear expectations for mastery up front and applies them consistently throughout the semester.
- *Meaningful:* A meaningful grade is one that clearly communicates what learning has taken place. In a standards-based classroom, scores are recorded by the standards rather than by type, such as tests or homework, making it easier to identify areas of strength and to address areas of concern for each student.
- *Supportive of Learning:* Standards based grading supports learning focusing on the material that has or has not been learned rather than on accumulating points to reach a certain total. The reassessment policy also supports student

learning by allowing new levels of learning to replace old when a student shows improvement on an assessment.

Are non-academic factors, such as effort, attitude, participation, and behavior part of the class grade?

These factors have always been and will continue to be an important part of your student's success. However, in standards-based grading, these factors will be communicated separately from your student's academic grade.

Middle School Students in High School Courses

Credit and grades will show on the Middle School report card and will be included in the high school transcript for high school courses taken by middle school students. Course selection and placement is dependent upon student readiness and appropriate communication between parents, students, teachers, and building administrators. The selection for high school credit must be determined and approved prior to the start of the course. 8th grade students taking Integrated Math or Algebra I, Earth Science and/or any World Language Level I course may elect to receive high school credit for these courses. This means students could start high school with 1.0 credit for each of these courses toward their high school diploma.

Placement, Promotion and Retention of Students

All students registered for classes at any Skyline Education school will be required to take benchmark test. These tests are used to determine students academic level and class placement. Current students will be evaluated and tested yearly to ensure proper placement for the next school year.

Promotion from one grade to the next (7-8 grade) is based upon the ability to succeed at the next grade level. When formulating a recommendation for retention or promotion, each teacher will work closely with the school's principal. Above all, the recommendation must be in the best interest of the student.

Teachers will base their recommendation to promote or retain on the following criteria:

- achievement on summative assessments
- attendance
- mastery of school objectives
- achievement on standardized tests
- age, maturity, and effort

In addition, A.R.S §15-701 requires that an Arizona student not be promoted from the third grade if the student scores far below the third grade level on the AzMERIT statewide assessment. A third grader who does not demonstrate sufficient reading skills may be promoted to fourth grade if the student:

1. Is an English Language Learner (ELL) who has received less than two year of English instruction.
2. Has a disability and the IEP team agrees promotion is appropriate or the student is in the process of being evaluated for special education eligibility.
3. Has been diagnosed with a significant reading impairment (including dyslexia).
4. If he or she attends summer school AND demonstrates proficiency and/or significant improvement on benchmark assessments

5. If he or she has demonstrated or subsequently demonstrates sufficient reading skills or adequate progress towards sufficient reading skills of the third grade reading standards as evidenced through a collection of reading assessments approved by the state board of education, which includes an alternative standardized reading assessment approved by the state board

Special Education Students

Retention and promotion are generally decisions made by the student's teacher of record in consultation with the principal and are not IEP team placement decisions. A student's teacher of record and the principal should, in considering promotion or retention, consider the information obtained during the student's IEP meeting regarding whether promotion or retention would have adverse social, emotional, behavioral, or academic consequences for the student.

Any student having already attended Kindergarten or First Grade, at either Skyline Education Schools or any other public school, will not be permitted to enroll at any Skyline Education Schools for another year in the same grade. No exceptions will be made for student retention in Kindergarten. Exceptions for retention in First Grade will be made ONLY for students that have attended any Skyline Education School for 1st grade, have had a teacher and principal recommend retention, and have President approval PRIOR to registration.

Final promotion-retention decision will be determined by Administration.

Records Request

Skyline will request a certified copy of a student's records within five (5) days of the student's enrollment. Skyline will also provide a certified copy of a former student's records upon request by another school.

Arizona law also requires that any disclosure of educational records by a school or a school district comply with the Family Educational Rights and Privacy Act (FERPA). A.R.S. § 15-828(H). FERPA allows a school to disclose students' education records without prior consent when the disclosure is to another school where the student seeks or intends to enroll. 34 C.F.R. § 99.31(a)(2).

Extracurricular Eligibility

Arizona Interscholastic Association Eligibility

Eligibility for extracurricular activities that are sanctioned is determined by the quarter grades for the preceding quarter. In order to be eligible for participation in these activities a student must pass all courses with a "C" or better the quarter prior to participation. This includes 9th graders. (In addition, students may apply for eligibility reinstatement at three (3) week intervals. The student must be passing all current classes in order to be considered for reinstatement.)

A student is charged an activity participation fee for each interscholastic activity or sport as established in School policy. Students may submit a request a waiver of the fee to the School principal if it would be an economic hardship.

Field trips

We love to take the children on educational field trips that enhance their learning or to invite guest speakers to share their knowledge. Only the classroom teacher(s), his/her students, and the parent volunteers will be allowed to attend field trips. Our drivers will transport as many students as will fit safely on the bus. Field trips follow all bus rules and policies. Parents may not, under any circumstance, drive only their child or meet us at the destination and drop off/pick up their child. Siblings are never permitted to attend school sponsored field trips. **No exceptions.** Students should wear their school uniform on all field trips.

The primary method of communication between Skyline Schools and parents is email. Make sure your correct email address is on file with your child's teacher and the front office. Check your email daily. It is important that parents and schools maintain daily communication about student progress, school expectations and events, homework assignments, and long-range projects.

Parent Action Team (PAT)

The Parent Action Team (PAT) is actively involved in providing extracurricular activities, family events, and volunteer opportunities to help create and promote a community environment. Parents/Guardians are encouraged to take an active role in their child's school life by becoming a member of the PAT.

People who are required to report a reasonable suspicion of abuse are protected by state laws from civil or criminal liability.

Visitation and Volunteering

We graciously welcome volunteers and visitors. However, in order to maintain a positive, academic environment, the following rules will apply:

- Parents wishing to observe their child may do so. However, the classroom teacher should schedule the time(s) of observation. This allows teachers to prepare students for a visitor and minimizes the disruptions of the classroom.
- We ask that observations be limited to one per block. If parents desire a second observation in a given block, an appointment can be requested.
- Parents are welcome at any time in our school; however, you must sign in at the front desk to spend time in your child's classroom.

A communication or access restriction shall be communicated to the parent in writing and shall describe the reason for the restriction(s). The length of time that any communication or access restriction will be in place may vary depending upon the circumstances however, the time period identified shall be communicated to the parent in writing. The applicable time period may extend through an academic semester or year depending on the severity of the circumstances. Such time period may be extended under appropriate circumstances.

In determining whether a communication or access restriction is to be extended beyond its original time limitation, the School shall consider the following: (1) the seriousness of the offense resulting in a communication or access restriction; (2) the parent's level of compliance with the restriction during the restriction period; (3) whether the parent is willing to provide an affirmation of continued compliance with School Policy after the restriction is lifted; and (4) any other factor deemed relevant by the School under the circumstances.

Skyline may file a police report regarding any suspected criminal activity by a student, parent, or member of the public. Furthermore, school employees have a mandatory reporting obligation when a student inflicts injury upon another student (causing bruising or bleeding, for example).

In the event a parent/guardian seeks to have a police report filed, it is the responsibility of the parent/guardian to file one with the police department.

Behavior

Classrooms are meant to be a safe and orderly learning environment. Teachers and the school set rules and standards for behavior that are achievable and conducive to creating that environment. Students are expected to follow all school and classroom rules. In the case of a class rule infraction or disruption to the learning environment, the following procedures will occur:

- The teacher will give the student direction for changing the behavior, and may keep the student behind a few minutes to discuss the disruption.
- If the behavior continues, the student will be given a second warning. The teacher will write down the infraction in their parent log.
- After the third violation, the student will receive a referral to the academic dean, vice principal, or principal. The student may receive a reprimand and/or a letter or email will be sent to the parents.
- If a fourth violation occurs, the parents will be contacted again via mail, phone, and/or email, and the student will be suspended based on rules and consequences section of the policies and procedures.

Note: Violations will be cumulative, not counted by individual teacher infractions. If there is a breach of school policies regarding more serious matters, the above procedures may not be followed and the student may be sent directly to the principal. **The principal has final discretionary action in behavior policies, suspensions and expulsion status.** All provisions under IDEA and Section 504 of the Rehabilitation Act will be provided to eligible students.

Bullying

Bullying is defined as a power imbalance demonstrated by, but not limited to behaviors of physical and verbal aggression, spreading rumors, purposely leaving others out, calling names, threatening, teasing, cyberbullying, and taunting. At all Skyline Education schools, we do not tolerate such acts and students will be disciplined accordingly. Any student, family or bystander who feels he or she has been the victim of bullying, harassment or intimidation should file a complaint with the principal or the principal's designees or other school employee. The student's report may be provided verbally or in writing. A student's verbal report will be documented in writing by the employee receiving the report. Any staff member who becomes aware of, or suspects, that a student is experiencing bullying, harassment or intimidation shall immediately notify the principal or the principal's designee. Employees may initially give verbal notice to the principal or the principal's designee, but shall submit a written report to the principal or the principal's designee within one (1) school day of the verbal report.

Retaliation directed toward a student or employee for the reporting of a case of bullying harassment or intimidation or a suspected case of bullying, harassment or intimidation, will not be tolerated. Students involved directly or indirectly in retaliation will be disciplined pursuant to the School's Code of Conduct.

Investigation of submitted complaints shall be initiated by the principal or the principal's designee as soon as is feasible, but not later than two (2) school days after the initial report. Each investigation will be comprehensive to the extent determined appropriate by the principal or the principal's designee. In investigating the complaint, the principal or the principal's designee will maintain confidentiality to the extent reasonably possible, subject to the restrictions pertaining to disclosure of personally identifiable student information established in the Family Educational Rights and Privacy Act (FERPA).

Each investigation will be documented by the principal or the principal's designee. Documentation will be maintained by the District for at least six (6) years. In the event the District must report incidents to persons other than school officials or law enforcement, all individually identifiable information shall be redacted.

Should the principal or the principal's designee determine that bullying, harassment or intimidation has occurred, the School will take prompt and effective steps reasonably calculated to end the bullying, harassment, or intimidation. Student discipline will be administered pursuant to the School's Code of Conduct, if the principal or the principal's designee determines that a student has engaged in bullying, harassment, and/or intimidation. Regardless of the outcome of the investigation the principal or the principal's designee will meet with the student who reported or was reported as being bullied, harassed or intimidated to review the findings of the investigation. Additionally, the parent(s) or guardian(s) of the involved students will be informed of the findings of the investigation.

The Skyline Education Schools mission is to provide a safe and caring educational setting free of any bullying or intimidation.

Internet and Computer Usage

Skyline Education, Inc. has computers available for student use. To use the Internet, students must have a signed Internet User Agreement on file in the School Office.

Use of computers, software, network system, and Internet is a student privilege and not a student right. Staff members supervise students during computer use, but it is the student's responsibility to use the computers for authorized academic purposes only. Folders and files stored on school computers are not private and are reviewed by school personnel. Skyline Education, Inc. has a Network Administrator to assist in monitoring Internet sites. Downloading files, music, games, pictures, or other programs from the Internet is not allowed unless instructed by a Network Administrator. There may be circumstances which require some applications to be downloaded. Any program not installed through the Network Administration department will be deleted from the workstation upon discovery. Due to the hazards of viruses from the Internet, copyright laws, and other issues, loading files or programs onto workstations without prior consent from the Network Administrator or the principal is prohibited.

Parents may revoke their student's privileges from the computer by notifying the School Office in writing. The Principal may revoke students' privileges due to misconduct and may enforce further disciplinary action, including the involvement of law enforcement authorities.

Students are to act responsibly while using the computers and computer equipment. Students are to use computers, including the Internet, for academic purposes only. Students are not to play games on the computers without teacher approval and are not to send, access, download, or print offensive or inappropriate messages or pictures. Students may only use assigned passwords, folders, and files. Students are not allowed to use passwords or access folders or files for which they do not have permission. Students are not allowed to change the computer or network settings and may not load unauthorized programs onto the computer or network system.

These computers are similar to the phones on campus, and are for official use only. Anyone caught hacking school computers in any form will be subject to expulsion.

Special Education Services

Skyline Education, Inc. makes available the full continuum of special education and related services to all eligible students. Our teachers are trained to teach to diverse learning styles and ability levels. Skyline Education, Inc. believes in close collaboration between staff, general education teachers, special education teachers, and parents. For more information about our special education programs, please contact the Principal.

Child Find

In compliance with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act, Skyline Education, Inc. is required to identify all students with suspected disability and is required to provide a free and appropriate public education (FAPE) for all students with disability who enroll in the School. If you suspect that your student has a disability, please contact the Special Education Director or your student's principal.

All new students will be screened for disability within 45 days of their initial enrollment. The classroom teacher will complete the screening after reviewing the student's abilities in the areas of vision and hearing; cognitive or academic; communication; motor; social or behavioral; and adaptive development. If any concerns are noted, the student will be referred for additional help. See Skyline's Special Education Policies and Procedures for additional information regarding the Child Find Process.

Procedural Safeguards

Parents of a student with a disability (or suspected of having a disability) are entitled to a Procedural Safeguards Notice, which explains the rights of the parent and student to ensure they are protected through the special education process. A copy of the procedural safeguards notice is offered to parents once annually and in specific instances; however, copies are always available by contacting the School Office or by going to

<https://cms.azed.gov/home/GetDocumentFile?id=54e3b6e7aadebe0f1845df44>.

Referral

Students are referred to the School Student Study Team (SST) when interventions developed by the teacher and/or parents have proven unsuccessful. The SST typically consists of the student's parents, principal, and teachers, including the special education teacher and classroom teacher. The SST generates additional intervention ideas to try in the classroom. As the teacher tries the interventions, the student's progress is charted. If the interventions are unsuccessful and sufficient progress is not made, the team will determine if a 504 Accommodation Plan or a special education evaluation is needed. The SST process will not delay a special education evaluation if parents and the School agree that one is necessary. Before any testing is scheduled, written parental consent will be obtained.

Evaluation

A special education evaluation will be considered after the SST has made a referral and suspects that the student may have a disability OR parent has made a written request for evaluation. Before the evaluation can be conducted, informed written parental consent is required. Results from the evaluation will then be shared with the Multidisciplinary Evaluation Team (MET), which consists of the student's parents, an administrator, classroom teacher, school psychologist, special education teacher, and any other needed personnel (i.e., speech therapist, occupational therapist, etc.). The results of the evaluation determine a student's eligibility for special education services, but do not automatically qualify a student for these services. The Individuals with Disabilities Act (IDEA) sets out the rules and regulations regarding eligibility and the determination of whether a student qualifies for special education services. By law, Skyline Education, Inc. must follow these rules and regulations.

Individualized Education Plan (IEP)

If it is determined by the MET that the student qualifies for special education services under the definition and guidelines of the IDEA, an Individualized Education Plan (IEP) will be written for the student, setting out specific goals, accommodations, services, and placement. The IEP must be reviewed at least annually or at the request of an IEP team member.

Service Animals

Service animal means any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Service animal does not include other species of animals, whether wild or domestic or trained or untrained.

Skyline Education, Inc. does not discriminate against individuals with disabilities who use service animals. The work or tasks performed by the service animal must be directly related to the individual's disability. Work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities and helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or

destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks.

Individuals with disabilities shall be permitted to be accompanied by their service animal in all areas of the School's facilities where members of the public, participants in services, programs or activities, or invitees are allowed to go. A service animal may be excluded from a public place if one or more of the following apply:

- The animal is not under the control of its handler
- The animal is not housebroken

In addition, the School may exclude the service animal if its presence creates a direct threat to the health or safety of others. Prior to excluding a service animal for this reason, the School will consider the specific facts related to the service animal and whether any accommodations may eliminate the direct threat.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash or other tether or use of the harness, leash or other tether would interfere with the service animals' safe, effective performance of work or tasks, in which case the service animal must be under the handler's control.

The School shall not be responsible for the training, feeding, grooming. The School must approve any person who is authorized by the owner to assist in care and supervision of the service animal while on school property.

If a student requires a service animal during the school day, the family should provide notice to the school at least three (3) days in advance of the start of school or the date the student will begin to utilize the service animal. This will enable the school to determine whether any other students in the class have severe allergies so that adjustments to class schedules can be made. Visitors to the school do not need to provide prior notification that they utilize a service animal to attend events or activities at the school.

Service dog requests must provide proof of the following vaccinations to have on file in the Principal's office: DHLPPC (distemper, hepatitis, leptospirosis, parainfluenza, parvovirus, and coronavirus) bordatella, rabies. Miniature horse requests must provide proof of the following vaccinations: Equine Infectious Anemia (Coggins Test), rabies, tetanus, encephalomyelitis, rhinoneumonitis, influenza, and strangles.

All service animals must be: treated for and kept free of fleas and ticks; and kept groomed to minimize shedding and dander. Owners of the service animal are liable for any harm or injury caused by the animal to students, staff, visitors, and/or property.

RULES

Search and Seizure

Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property guaranteed by the Fourth Amendment of the Constitution. Students' individual rights are balanced by the School's responsibility to protect the health, safety and welfare of all its students. School employees may conduct searches when they have a reasonable suspicion that there has been a breach of School rules or the health, safety or welfare of students, others, or school property, may be in danger.

The Principal has the right to search a student and his/her belongings while on school property or attending school-sponsored events if the Principal has reasonable suspicion as described above. The Principal also has the right to search school-owned property, including while a student is using the property. The Principal has the right to seize property and is responsible for determining if law enforcement officials and other legal authorities are contacted. If the situation warrants notification of these officials, the Principal is responsible for contacting the parents.

The following search or seizure guidelines will be followed:

- General searches of school property and personal items may be conducted at any time when a school employee has a reasonable suspicion that something which violates a law or school rule is on school property and when the search is reasonable in its scope. Also, searches may be conducted when a student, or parent, gives voluntary consent to search. Such searches of property may be made without the student present.
- Illegal items (e.g. firearms, weapons, drugs, tobacco, and alcohol) or other possessions reasonably determined to be a threat to the safety or security of others or which might interfere with school purposes may be confiscated.
- Items that disrupt or interfere with the educational process may be removed from a student's person.
- A student's person may be searched when there is reasonable suspicion that the student is in possession of illegal or prohibited items.

Expulsion

The principal or administrator has the authority to impose rules and policies including expulsions. Expulsion means the permanent withdrawal of the privilege of attending Skyline Education, Inc., including all the campuses and subsidiaries. Students are entitled to due process, including notice and an opportunity for a hearing, prior to expulsion. All provisions under IDEA and Section 504 of the Rehabilitation Act will be provided to eligible students.

Graffiti

The Board of Trustees of Skyline Education, Inc. has approved the following policy: Skyline Education, Inc. is taking a "Zero Tolerance" stand on graffiti.

This policy prohibits participating in graffiti activities, being a secondary party to this act, defacing school property or the school facility, or defacing the property and facilities of neighboring buildings or businesses. It prohibits, but is not limited to, the students from having in their possession cans of spray paint or large markers of any kind that are

commonly used to produce graffiti. Markings made by scratching or etching and the tools used for this type of marking, are also prohibited.

The Board of Trustees has authorized the Principals of Skyline Education, Inc. to immediately suspend a student, pending expulsion, if a student is in violation of this policy. Restitution by the student and/or parents will be sought and the matter will be referred to the police.

Insubordination

The Board of Trustees has clarified the policy of insubordination. Insubordination is disobedience or disrespect to the staff and faculty. It includes not only refusing to follow a simple request or command, but includes using language (and signs) that is commonly recognized as vulgar or crude, swearing, yelling, mocking, or screaming that is directed or not directed to the staff and faculty while in their presence. Disciplinary action against this policy will be suspension or referral for expulsion.

- The implementation of these rules and regulations are at the sole discretion of the school administration.

Imminent Danger: Interrupting the educational process or endangering others.

The school principal or designee may immediately suspend a student when:

- The student's presence creates a danger to any student or school personnel, or interferes with the educational process. School personnel may immediately restrain a student when they feel there is imminent danger.
- Students are never entitled to violate the no weapons policy even if it comes to defending personal property, self-defense, and self-defense of others.
- Excessive physical force and deadly physical force may never be used in defending property.
- Verbal provocation alone shall be deemed a threat or the use of physical force.

Prohibited Items

Any item(s) that might be used as a weapon or is potentially dangerous and/or disruptive to the educational process are subject to confiscation:

- Confiscated items may not be returned and may be turned over to law enforcement.
- Items that are prohibited include but are not limited to:

Guns, knives, fire extinguishers, cigarette lighters, matches, any explosives, stink bombs, water guns, pagers, cell phones, skateboards, inline skates, laser pointers, video games, pepper spray, over the counter drugs, illegal drugs, alcohol, etc.

Cell Phones

Cell phones are **not** to be used **during school hours** for texting, social media, music, or any other reason. Parents that want to contact their child must go through the **front desk** and we will notify your child. This is particularly important when there is an **emergency**, so that staff can assist your student. The school will **not** be responsible for any lost, damaged, or stolen electronic devices brought to school. Staff will **not** search other students for electronic devices that students feel is lost or stolen. If a staff member witnesses a student using a cell phone or other electronic device during class time will confiscate the device. The student will be able to retrieve the device from the front office at the end of the school day. If a device is confiscated from a student more than one time during a school year, the student will be subject to discipline.

No Gum or Hats on Campus

Our schools have a strict No-Gum policy at all times. This includes time before school, after school, and events or games on campus. Gum is disruptive to the learning environment, ruins flooring and furniture, and is often disposed of underneath desks. It is a nuisance to the building and learning atmosphere and will not be tolerated.

Hats, Headgear of any type, or Hoods are not allowed to be on the student's head while on the campus at any time.

Alcohol and Drugs and Drug Paraphernalia

Alcohol and drugs (over the counter and illegal) and drug paraphernalia are contraband items. The use of, possession of, or being in the presence of these items is strictly prohibited and will result in confiscation, immediate disciplinary action, and charges being filed.

Public Display of Affection (PDA)

Public Display of Affection on campus, on school transportation, and at any school function is not allowed between students. Avoid any inappropriate physical display of affection. Among the actions prohibited but not limited to include kissing, caressing, fondling, and embarrassing or inappropriate behavior observed by a staff member.

Liability and Restitution

Students who damage school property will be held accountable and liable for those damages. In the case of a minor child, state law holds parents or guardians liable. The school will submit a bill of cost to the student's parents and or guardians of liability when it is determined. Official transcripts and/or diplomas will be held until payment is received.

Medication

Students who require medications during school hours must have written parent/guardian permission on a school medication form. Prescription medication must be provided to the health office staff in the current, original container with the student's name on the prescription label. Over-the-counter medication must be provided in the original container and a school medication form must be completed by the parent/guardian. A separate consent for acetaminophen (non-aspirin pain reliever) is available from the health office staff. Antibiotics or other medications that are prescribed two to three times daily do not need to be given at school unless your student attends a before or after school program. If so, consult with the health office staff.

Medication cannot be sent to and from school with students. Parents/guardians must make arrangements to deliver and pick up medication from the school health office. The person picking up medication must be a parent or guardian, sibling 18 years or older, a family member or friend over the age of 18 as specified by the parent in writing or by telephone.

Pursuant to A.R.S. §§ 15-341(A)(35),(36), students who have been diagnosed with anaphylaxis and/or breathing disorders may carry and self-administer emergency medications while at school and at school-sponsored activities. The student's name

must be on the medication container and annual written documentation, which authorizes the possession and self-administration of the medication from the student's parent, is required to be on file with the school registrar. There will be disciplinary consequences if students are found with prescription drugs on their person.

Rules and Consequences

Students suspended more than three times in one year for any reason are recommended to the Board of Trustees for expulsion. A fourth suspension will be pending expulsion with a referral to the Board of Trustees. All provisions under IDEA and Section 504 will be provided to eligible students. The Recommended Discipline table below provides a guideline for administrators; however, Skyline Education may impose disciplinary consequences to a greater or lesser degree than those identified in the table based on a review of the specific disciplinary infraction.

DISCIPLINE/HARASSMENT/CIVIL RIGHTS

GRIEVANCE POLICY

All students, parents, and guardians have the right to a hearing to review all charges and proposed punishment in disciplinary matters, harassment, sexual harassment or civil rights harassment in school, during breakfast, during lunch, or on the bus. Specific grievance guidelines may be provided in the applicable section included in this policy manual. The student, parents, or guardians, must generate appeals within three days after receipt of telephone calls or a letter notification, whichever comes first.

Appeals of disciplinary/harassment/civil rights actions follow the following procedures for grievance:

1. Submit the grievance in writing to your Principal.
2. The Principal will read and act upon the grievance through investigation.
3. The Principal will communicate the investigative findings in writing to the complainant as soon as possible after the investigation is closed.
4. If you do not accept the findings of the investigative process, you may appeal the decision in writing to the President of the School Board of Trustees at: 2020 N. Arizona Avenue, Suite 109, Chandler, AZ, 85225. This appeal must be filed within one week (5 business days) after the investigative findings are communicated to you. The President of the School Board of Trustees will convene a special meeting of the School Board of Trustees to review the investigative findings and hear your appeal.
5. The School Board of Trustees will issue a decision based on the information presented during the appeal process. That decision will be final and not subject to further appeal within Skyline Education, Inc., South Valley Prep, South Phoenix Prep and Arts, Skyline Gila River D5, AZ Compass, Vector Prep and Arts, Skyline Prep High School, or Education Works Day School.

School Bus/Vehicle Guidelines and Rules

The conduct of students aboard a school bus/vehicle must be controlled in order to provide safe and efficient transportation. The students aboard a bus/vehicle are under the authority of the bus/vehicle driver and directly responsible to the driver. The attached articles are provided for driver guidance in maintaining student discipline.

In the enforcement of student discipline, the drivers should work closely with school administrators. In the event of unresolved problems aboard the bus, after consulting with the school administrator, drivers should bring the matter to the attention of the Director of Transportation.

1. **DRIVER'S AUTHORITY:** Students in a school bus/vehicle are the complete responsibility of the bus/vehicle driver and under his/her direction; students must be courteous and show respect for the driver and obey the driver's instructions at all times.
2. **BUS STOP ASSIGNMENT:** Students may not get on or off the bus at any location other than their regularly scheduled stop. Parents must submit in writing a bus change 24 hours in advance. When an emergency situation occurs, a parent may arrange for an alternative authorized bus stop on a limited basis.
3. **BUS DEPARTURE TIMES:** Students should be at their bus stop at least 10 minutes prior to the scheduled pick up time; buses must operate on a definite schedule and drivers will not wait for late arrivals. Students are not to arrive at the stop more than 10 minutes prior to the departure time. Excessive late arrivals to the bus stop will result in disciplinary action.
4. **BOARDING THE BUS:** As the bus approaches, students must form an orderly single-file line and stand no closer than 10 feet. Students shall not move towards the bus until it has come to a complete stop. Students must enter the bus one at a time, with no pushing or shoving in line.
5. **SEAT ASSIGNMENT:** Students are to take the seat indicated by the driver; they may not exchange seats without the driver's permission.
6. **STUDENTS MUST REMAIN SEATED:** Students must sit upright, face the front of the bus, keep feet out of the aisle, and in no way obstruct aisles or bar progress of other students moving in or out of the bus. Standing, walking, or any movement out of seats while the bus is in motion is prohibited.
7. **BUS WINDOWS:** Windows may not be lowered without the driver's permission and at no time may they be lowered below the second notch (the window should never be open more than 6 inches).
8. ***HANDS/BODY OUT OF WINDOWS:** Students may not extend hands, arms, head or any other part of the body out of the window at any time on the school bus. Unauthorized exiting from emergency doors and windows is prohibited.
9. ***TAMPERING WITH BUS EQUIPMENT:** Tampering of any kind with bus doors, emergency exits, radio, or controls is prohibited.
10. ***SMOKING NOT ALLOWED:** Smoking, use of any tobacco product, lighters, or lighting of any material is prohibited and is against the law.
11. **EXCESSIVE NOISE/DISORDERLY CONDUCT:** Students are prohibited from creating disturbances such as whistling, playing musical instruments, yelling or talking loudly, throwing articles, shooting rubber bands, scuffling, etc. Students shall quietly converse only with those students sitting in the same seat they occupy. Distractions and noise levels inside the bus must be kept to a minimum so the driver can hear and observe approaching emergency vehicles, horns, or other impending hazards.
12. ***PROFANE LANGUAGE/GESTURES:** Using profane language or obscene gestures is prohibited.

13. **LITTERING:** Littering or throwing of objects of any kind is prohibited.
14. ***FIGHTING:** Students may not interfere with others, nor destroy the property of others; they may not intimidate or threaten anyone on the bus. Students must keep their hands to themselves; fighting, slapping, hitting, poking, shoving, pulling hair, etc., in the bus or at the stop, is prohibited.
15. **EATING/DRINKING:** Drinking, items other than water, or eating, including gum and candy, is prohibited at all times.
16. **PROHIBITED OBJECTS:** Items such as glass containers and large or dangerous objects are not allowed on the bus. Transporting live animals, fish, reptiles, or insects on the bus is prohibited.
17. ***DAMAGE TO THE SCHOOL BUS OR BUS STOP:** Students may not vandalize or damage the school bus or bus stop. Parent(s)/Guardian(s) will be required to pay for damage done by their child to either the school bus or to private property at the bus stop location.

WHEN ENFORCEMENT OF DISCIPLINE IS REQUIRED THE FOLLOWING DISCIPLINE FLOW CHART IS USED:

The school bus driver will issue:

- At least 2 verbal warnings, then
- One written warning, then
- If the student's behavior does not improve, the driver will make a recommendation of denial of bus privileges to the school administrator
 - On occasion, a school administrator may request the driver to request a parent conference or a bus driver may request to attend. In either case, arrangements to attend and participate should be coordinated through the Director of Transportation. School administrators will be responsible for informing the Director of times and dates.

The situations listed below, and asterisked under the Bus Guidelines and Rules, are serious offenses and are regarded as Disorderly Conduct. The Discipline Flow Chart will not be followed; an immediate recommendation to deny transportation will be given:

- Unauthorized jumping out or entering the bus through windows and emergency exits
- Tampering with bus equipment e.g. emergency door, brakes, switches or other devices used in the operation of a school bus
- Smoking in the school bus
- Lighting lighters, matches or other materials; exploding firecrackers or burning papers on the bus
- Degrading, vulgar or profane speech or gestures directed at the driver or other students on the bus
- Use of physical force upon the driver or inflicting injury upon other students through the use of physical force
- Intentional destruction or defacing of seats or paneling within the bus
- Refusal to remain seated while the bus is in motion after verbal warnings.

The guidelines detailed above apply to all vehicles operated by the school including but not limited to buses, activity buses, vans, and any other vehicle utilized to transport students.

Charter Schools are not reimbursed for transportation, therefore Skyline Education, Inc. transportation is a courtesy to our students. We must follow pre-determined routes. The \$25.00 fee is a reservation fee, (FIRST COME FIRST SERVED) non-refundable, so we do not over populate the bus. Due to this you may not get a seat on the bus to school and it is not the schools responsibility to transport your student to and from school. Charter Schools are schools of choice and the ADE does not reimburse the school for transporting any student.

I HAVE READ, UNDERSTAND, AND AGREE TO ABIDE BY THE BUS GUIDELINES AND RULES AS RIDING THE BUS IS A PRIVILEGE

Performing Arts/Cheer Code of Conduct

In performing arts we want to have fun in our drama workshops and dance productions, and in order to do this there must be some ground rules in place so that we ALL feel accepted and comfortable with each other. Performing arts programs are designed to be INCLUSIVE, and good behavior and respect towards others is paramount.

*All performing arts students must maintain a "C" grade average in order to perform

*We will not tolerate inappropriate language.

*We ask that people respect each other's personal space – no hitting, pushing or any other inappropriate physical activity.

*We ask that older members in productions and workshops be respectful of younger members, and set a positive example – be good leaders.

*We are all different – physically, mentally and verbally. We each bring a unique set of talents and skills, and we respect and value the contributions made by others in our group unconditionally.

*We respect our surroundings. In rehearsal space we are responsible for keeping our space tidy, throwing away our trash appropriately, and remembering to bring our belongings home after every rehearsal. We are also mindful of the office space, including the office lobby, which belongs to someone else. We must only use the rehearsal space OR the bathrooms. EVERYONE IS RESPONSIBLE TO KEEP THE SPACE TIDY – WE WILL ALL PARTICIPATE IN CLEANING UP.

*We must respect the buildings in which we do our performances in. We are guests in these places, and respect them accordingly following rules, keeping spaces tidy, and staying in authorized locations within the buildings.

*NO cell phone use (including calling and texting) or hand-held devices during rehearsals. It is disruptive and disrespectful to others. Cell phones may only be used in an emergency or to call a parent at the END of the rehearsal.

*Calling to people off stage or inviting people on stage that are not part of the planned performance will not be tolerated.

*Rehearsals can be long – we encourage you to bring books or, for example, quiet card games. We ask that you be patient and understanding, and wait till it's your turn.

*Be prepared – bring your scripts, water bottles, and correct clothing and footwear for dancing.

*BE ON TIME FOR ALL REHEARSALS AND PERFORMANCES!

WE ARE A COMMUNITY AND WE WORK TOGETHER AND WE HAVE FUN ALONG THE WAY!! IF OUR CODE OF CONDUCT CANNOT BE FOLLOWED YOUR PARENTS WILL BE NOTIFIED IMMEDIATELY.

Athletics Code of Conduct

Interscholastic athletic competition should demonstrate high standards of ethics and sportsmanship and promote the development of good character and other important life skills. The highest potential of sports is achieved when participants are committed to pursuing victory with honor according to six core principles: Trustworthiness, Respect, Responsibility, Fairness, Caring, and Good Citizenship (the "Six Pillars of Character"). The Code applies to all student-athletes involved in interscholastic sports in Arizona. Each school has its own academic eligibility guidelines; however all student athletes are required to maintain a C average in order to be eligible.

Trustworthiness

1. **Trustworthiness** – Be worthy of trust in all I do.
 - Integrity – Live up to high ideals of ethics and do what's right even when it's unpopular or personally costly.
 - Honesty – Live and compete honorably, don't lie, cheat, steal or engage in any other dishonest or unsportsmanlike conduct.
 - Reliability – Fulfill commitments; do what I say I will do; be on time to practices and games.
 - Loyalty – Be loyal to my school and team; put the team above personal glory.

Respect

2. **Respect** – *Treat all people with respect all the time and require the same of other student-athletes.*
3. **Class** – *Live and play with class, be a good sport, be gracious in victory and accept defeat with dignity, give fallen opponents help, compliment extraordinary performance, show sincere respect in pre- and post-game rituals.*
4. **Disrespectful Conduct** – *Don't engage in disrespectful conduct of any sort including profanity, obscene gestures, offensive remarks of a sexual or racial nature, trash-talking, taunting, boastful celebrations, or other actions that demean individuals or the sport.*
5. **Respect Officials** – *Treat contest officials with respect; don't complain about or argue with official calls or decisions during or after an athletic event.*

Responsibility

6. **Importance of Education** – *Be a student first and commit to getting the best education I can. Be honest with myself about the likelihood of getting an athletic scholarship or playing on a professional level and remember that many universities will not recruit student-athletes that do not have a serious commitment to their education, the ability to succeed academically or the character to represent their institution honorably.*
7. **Role Modeling** – *Remember, participation in sports is a privilege, not a right and that I am expected to represent my school, coaches and teammates with honor, on and off the field. Consistently exhibit good character and conduct myself as a positive role model. Suspension or termination of the participation privilege is within the sole discretion of the school administration.*
8. **Self-Control** – *Exercise self-control; don't fight or show excessive displays of anger or frustration; have the strength to overcome the temptation to retaliate.*
9. **Healthy Lifestyle** – *Safeguard my health; don't use any illegal or unhealthy substances including alcohol, tobacco and drugs or engage in any unhealthy techniques to gain, lose or maintain weight.*
10. **Integrity of the Game** – *Protect the integrity of the game; don't gamble. Play the game according to the rules.*

Fairness

11. **Be Fair** – *Live up to high standards of fair play; be open-minded, always be willing to listen and learn.*

Caring

12. **Concern for Others** – Demonstrate concern for others; never intentionally injure any player or engage in reckless behavior that might cause injury to others or myself.
13. **Teammates** – Help promote the wellbeing of teammates by positive counseling and encouragement or by reporting any unhealthy or dangerous conduct to coaches.

Citizenship

14. **Play by the Rules** – Maintain a thorough knowledge of and abide by all applicable game and competition rules.
15. **Spirit of Rules** – Honor the spirit and the letter of rules; avoid temptations to gain competitive advantage through improper gamesmanship techniques that violate the highest traditions of sportsmanship.

McKinney-Vento Homeless Assistance Act

Every homeless student shall have access to the same educational opportunities as students who are not homeless. The Corporate Board has designated a liaison for the homeless students who will carry out duties per the McKinney-Vento Homeless Act. A student identified as homeless, by the liaison, will have the rights to: immediate enrollment, school selection, remain enrolled in their school of origin, participate in programs for which they are eligible, transportation assistance and dispute resolution.

Notification of Rights under FERPA

The Family Education Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) the wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The rights to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their rights to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.
3. The right to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. Once exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.
