To Skyline Staff and Families,

We are currently experiencing issues with students logging into Edgenuity through Clever. As we continue to troubleshoot, we have developed a solution to allow students to continue working in their courses.

Students who are experiencing issues accessing their coursework can access their classes by using the following login credentials. See login instructions below.

1. Navigate to the Clever Student Portal-
<https://clever.com/in/skyline-schools>
2. Login into the Clever Portal by clicking Log in with Google-
Username: firstname.lastname@myskylinemail.com
Password: SkyMMDDYY (mmddy is your birth month, day and year) July 15, 2010 would be Sky071510
3. Select the Edgenuity App, and, if you are not automatically logged in but receive the error “Access to your account has been disabled”, use the following credentials to Login-
Username: firstname.lastname@myskylinemail.com
Password: SkyMMDDYY (mmddy is your birth month, day and year) July 15, 2010 would be Sky071510

If, after attempting the steps noted above, you are still unable to login, please send a support ticket to studenttechsupport@skylineschools.com.

Tomorrow, August 18, 2020, students should be able to access their Edgenuity account going through Clever without having to manually type in their username and password.

Please look for updates from Infinite Campus regarding the status of this issue. We apologize for the inconvenience.

The mission of Skyline Education is to provide each student and family within the Skyline network of schools with high quality, college preparatory educational programs and services designed to stimulate life-long learning while developing character through academics, athletics, and the arts.
